The Hertfordshire International College Foundation in Health Care has specific requirements for each Pathway which have been set by the University of Hertfordshire School of Health \& Social Work.

The table below indicates the requirements you must achieve on Foundation/Stage 1 in order to be eligible to progress on to your chosen course at the University of Hertfordshire.

These are on top of the standard progression requirements for every HIC Foundation Course - Pass every module with at least $50 \%$. The Foundation in Health Care also has an extra 0 Credit module HSK100 Preparation For a Career in Health Care which requires you to submit a personal statement and attend an interview with the relevant admissions tutor at the University of Hertfordshire - you are also required to pass this module even though it is 0 Credits. Students are only eligible to enrol once on the HSK100 module.

Hertfordshire International College works with the University of Hertfordshire to support you throughout all these requirements, especially those in the 'other column'.

| Programme | Overall Mean | With a minimum | Other |
| :--- | :---: | :--- | :--- |
| BSc (Hons) Adult Nursing | $60 \%$ |  | Numeracy test, literacy test. <br> Work or voluntary experience <br> BSc (Hons) Children's <br> Nursing |
| $60 \%$ |  | Numeracy test, literacy test. |  |
